

AHA QLD event

Women's Health: Focus on Thyroid disorders, Infertility & Endometriosis

Join us in person for this chance to connect & learn.

Zilika Jain has clinical experience to share from hospitals in India as well as other clinic settings. This is a fantastic opportunity to improve your skills and knowledge in disease processes and gain understanding from cases shared. (Feel free to bring your cases on topic for discussion.)

Zilika Jain

Sunday 26 Feb.

10am-1pm

3 CPD

Highlights will include identifying what details are important in these diseases .

Thyroid disorders, infertility and endometriosis are common complaints that present opportunity to help in your community.
